WHAT drives us

Richard and Ruth

Dr. Richard Freedman has lived in Flordon for the past 20 years. He is fond of the neighborhood because it is private and also because of the quiet streets where he likes to walk and admire the abundance of old trees. He likes having nice neighbors and enjoys the proximity to town while maintaining a country feel.

Not only does Dr. Freedman like living in Flordon—he likes driving there too; particularly in his 1959 MGA convertible. He purchased the car in 1996 and coincidentally, the car's colors match the school colors of Duke University. Later on, when Dr. Freedman's daughter attended Duke he couldn't help but name his car The Dookie Mobile.

Dr. Freedman's favorite part of The Dookie Mobile is its sleek body style and "what's under the hood." This car can go close to 100 mph. Ultimately, Dr. Freedman has too many fond memories driving this car to pick a favorite, but his greatest joy comes from the fact that his car attracts both interested and interesting people, and the conversations begin....
